

## INTERSECTION TAPE

- **COST EFFECTIVE**
- **LONG LIFE**
- **EASY INSTALLATION**
- **HIGH RETRO-REFLECTIVITY**

Traffic Tech's Road Marking Tape provides a cost effective, bright, Stop Line or Pedestrian Crossing Line which meets all AS standards. The Intersection Road Tape is the quickest way to install a road line on New Asphalt surfaces.

You'll find these tapes the ideal solution to all your road marking requirements.

### Product Benefits

- Significant cost savings through dependable performance
- Meets or exceeds all required quality and performance standards.
- Engineered for superior daytime visibility and night time reflectivity (up to 800mcd)
- Stands up to heaviest traffic and inclement weather conditions.
- Design based upon 20 years of applied research and extensive field testing.
- Skid Resistant – all tests have shown excellent skid resistance (50bpm).
- Intersections can be immediately opened to traffic after application.

### Material Benefits

- Polymer Tapes
- Tapes conform to specified highway marking colours for construction zone use.
- Thoroughly blended pigments produce long-lasting, weather –resistant colour.
- Roll goods available in various widths and lengths.
- Available in symbols and legends for custom orders.
- Standard dimensions:
  - 8cm x 100m      300cm x 25m
  - 10cm x 100m    450cm x 15m
  - 150cm x 100m
- A specially formulated, abrasion-resistant, top coating designed to securely hold the surface layer of glass beads and anti-skid particles.

# TRAFFIC TECH

Civil Engineering & Traffic Technology

## Application Benefits

- Unique adhesive allows tape to be placed down easily and stay down.
- Can be rolled into the surface of new HOT asphalt, for longer life.
- Provides “Compliant” road marking for immediate road opening.
- Immediate availability.

## Uses

- For use on intersections, crossings, roundabouts etc
- Patchability – can be used to patch worn out sections of intersection or line marking.
- Tapes can be used for surface applied or inlaid applications at Stop Lines and Pedestrian Crossing Lines.

Easy Installation

Installed ready for use
